Guide prepared by: Sara Piasecki, Archivist

TITLE: Prudhoe Bay State #1 Well Log

COLLECTION NUMBER: B2017.034

OVERVIEW OF THE COLLECTION

Dates: 1968

Extent: 1 item

Language and Scripts: The collection is in English.

Name of creator(s): Atlantic Richfield Co., Humble Oil & Refining

Administrative/Biographical History:

The Prudhoe Bay oil field is the largest field in North America. It was discovered on March 12, 1968, with the drilling of Prudhoe Bay State #1 well. The well log is a record of the geologic formations penetrated by the well shaft.

Scope and Content Description:

Single sheet readout from Schlumberger dual induction laterolog with manuscript annotations, dated April 15, 1968.

Arrangement: Not applicable

CONDITIONS GOVERNING ACCESS AND USE

Restrictions on Access: The collection is open for research use.

Physical Access: Original item in good condition, with some tape repairs.

Technical Access: No special equipment is needed to access the materials.

Conditions Governing Reproduction and Use:

The Anchorage Museum is the owner of the materials and makes available reproductions for research, publication, and other uses. Written permission must be obtained from the Anchorage Museum before any reproduction use. The Anchorage Museum does not necessarily hold copyright to all of the materials in the collections. In some cases, permission for use may require seeking additional authorization from the copyright owners.

Preferred Citation:

Prudhoe Bay State #1 Well Log; Anchorage Museum, B2017.034
