Guide prepared by: Sara Piasecki, Photo Archivist

TITLE: Hobart Hyatt Collection

COLLECTION NUMBER: B2012.030

OVERVIEW OF THE COLLECTION

Dates: circa 1950-2003 (bulk 1951-1969)

Extent: 4 boxes, 4.5 linear feet

Language and Scripts: The collection is in English.

Name of creator(s): Hobart Hyatt, Marion B. Hyatt, Hewitt's Photos, Mac's Foto Service, Howard C. Robinson, W. L. Brewington, Bert's Photo Shops, Robert A. Hall, Harold W. Johnson, Everett J. Wilde, Griffin's, Schallerer's Photo Shop, The Gift Shop (Wrangell, Alaska), Bessie Dedman, E. Wolf, Outdoor Films

Administrative/Biographical History:

Hobart Barr Hyatt was born on January 28, 1920, in Waynesville, North Carolina, to Raymond and Marion Hyatt. He was educated at Brevard College (1940) and North Carolina State (1947). He was commissioned into the United States Army in 1942 and served as a field artillery training officer and in quartermasters' stores in Japan. In 1948, he began work as a cadastral surveyor for the U.S. General Land Office. He transferred to Alaska in 1950, and worked as a surveyor for the Bureau of Land Management until his retirement in 1975. He was interested in philately and belonged to several clubs, including the Anchorage Philatelic Society, the Gastineau Philatelic Society, and the Northern Lights Philatelic Society, and volunteered with the Junior Stamp Club. Hyatt died December 25, 2000, in Anchorage, Alaska.

Scope and Content Description:

The collection consists of 3,803 35mm color slides, along with three colored photographic prints, publications pertaining to cadastral surveying, and other ephemera. The majority of the

photographs were taken by Hobart Hyatt and Marion Hyatt, though some were probably taken by colleagues and/or friends. Also included in the collection are commercially-produced slides, which have been separated out to the end of the slide series. Most slides have manuscript information on location and date of the image; a few have camera setting information (shutter speed, f stop, filters).

Arrangement: Arranged in three series by format, and then chronologically. Series 4 includes previously separated materials located in 2013. 1. Publications and ephemera. 2. Photographic prints. 3. Slides. 4. 2013 Addendum.

CONDITIONS GOVERNING ACCESS AND USE

Restrictions on Access: The collection is open for research use. Restricted items noted in the finding aid. Please contact ARC staff for details.

Physical Access: Original items in good condition.

Technical Access: No special equipment is needed to access the materials.

Conditions Governing Reproduction and Use:

The Anchorage Museum is the owner of the materials and makes available reproductions for research, publication, and other uses. Written permission must be obtained from the Anchorage Museum before any reproduction use. The Anchorage Museum does not necessarily hold copyright to all of the materials in the collections. In some cases, permission for use may require seeking additional authorization from the copyright owners.

Preferred Citation:

Hobart Hyatt Collection, Anchorage Museum, B2012.030

ADMINISTRATIVE INFORMATION

Acquisition and Appraisal Information

Brother Wayne Hyatt donated materials from Hobart Hyatt's estate in June 2001, including several objects and artifacts. The collection of photographs and papers was found in the archives in 2012. The provenance of post-2000 items in the collection is unknown. Additional slides were located in the backlog in April 2013 and added as an addendum.

Processing Notes

Slides were arranged into film rolls and in chronological order to the extent possible. Publications and ephemera removed from binders. Colored photographic prints removed from frames. Slides of non-Alaskan subjects and poor quality slides deaccessioned at time of processing.

Separated Materials

Oversize plat map copies relocated to map cases. Objects transferred to Collections.
